BOSCH Abrasive Cut-Off Wheel Recall

Robert Bosch Tool Corporation is recalling 6,400 Type 1 Abrasive Cut-Off Wheels due to incorrect speed-rating labels. If used at the labeled speed rating, the wheels can burst, causing possible injury to users and bystanders.

Consumers may identify the recalled 12-inch-diameter wheels by a stamped expiration date in the metal center ring of "V 6/2007" or before. Wheels

with expiration date of "V 7/2007" and after are not included in this recall.

The smaller wheels (2.1/2-inch to 4-inch diameters) under this recall will be marked "Made in Bulgaria." Replacement smaller wheels that state "Made in Canada" are not affected by this recall.

The wheels were sold nationwide from September 2003 to August 2004. The wheels cost between \$3 and \$5 for the 2.1/2-inch to 4-inch diameter sizes and \$10 to \$20 for the 12-inch diameter wheels.

Consumers are asked to stop using the recalled wheels immediately and contact Bosch at 800-351-5813 Mondays through Fridays, 7 a.m. to 7 p.m. CST, for return and replacement instructions or visit the Bosch Tool Corp. Web site at www.Boschtools.com.
